

International Conference
**"ORDER ANALYSIS AND RELATED PROBLEMS
OF MATHEMATICAL MODELING, XVI.
OPERATOR THEORY AND DIFFERENTIAL EQUATIONS"**
(Russia, Vladikavkaz, 20-25 September, 2021)

Dear colleagues,

This is the **third announcement** of the International Conference "Order Analysis and Related Problems of Mathematical Modeling, XVI. Operator Theory and Differential Equations" containing detailed information about the format and the proceedings.

CONFERENCE FORMAT

Because of the decline of the epidemiological situation in the Republic of North Ossetia-Alania, the Organizing and Program Committees were forced to make a decision to move the Conference to a web-hosted event.

Thus, the Conference will take place in the same dates which were announced before (**from 20 till 25 September, 2021**) not in mixed but completely in **online format via Zoom**. The link for connection will be sent on **September 19, 2021** to all registered participants.

We kindly ask all participants to provide (at conf_smath@mail.ru) the information about the preferable time for the talk by **September 7, 2021**. This is necessary to arrange the schedule of the Conference, which will be sent to all participants before the Conference starts as well as posted on the website of [Southern Mathematical Institute VSC RAS](#).

PROCEEDINGS

We also remind you that the proceedings of the Conference are intended to be published as manuscripts **during 2022** in the forthcoming issues of [Vladikavkaz Mathematical Journal](#) (Scopus, RSCI(WoS), zbMATH, MathSciNet).

All participants can submit both research and survey papers based on the materials of the Conference talks. The manuscripts should be formatted with LaTeX in English or Russian in accordance with the requirements for publications in Vladikavkaz Mathematical Journal (posted [here](#)).

Expected size of the manuscript is no more than 10 pages with bibliography and pictures.

Contributions have to be sent until **October 31, 2021** to the Organizing Committee at conf_smath@mail.ru with a note in the subject line "Article OTDE_2021_Ivanov I.I.". Please, for our convenience, use your last name to title all files of your submission. **All the submitted articles are subject to the usual peer review procedure.**

If you have any questions, please do not hesitate to contact the Organizing Committee at conf_smath@mail.ru.

With kind wishes,
Organizing Committee
